EDUCATION

- University of Delaware (College of Health Sciences) – Newark, DE** **Expected August 2023**
Doctor of Philosophy, Epidemiology; Epidemiological Research Methods
Thesis: Common biases in studying the long-term health effects of disasters: challenges & potential solutions.
- Columbia University (Mailman School of Public Health) – New York, NY** **2020**
Master of Public Health, Epidemiology; Certificate in Public Health and Humanitarian Action
Thesis: The effect of technological disasters on the perception of community viability.
- Rensselaer Polytechnic Institute – Troy, NY** **2018**
Bachelor of Science, Biomedical Engineering

PROFESSIONAL EXPERIENCE

- School of Health Science | Mercy College – Dobbs Ferry, NY**
Adjunct Lecturer – Scientific Writing **Fall 2022 – Present**
- University of Delaware – Newark, DE**
Principal Instructor – Introduction to Epidemiologic Data & Analysis in SA **Fall 2022 – Present**
 - Develop and oversee the instruction of graduate students in the fundamentals of SAS/STAT programming.
 - Review student SAS programs and provide feedback to improve program validity and efficiency.**Principal Instructor – Introduction to Epidemiology** **July 2021 – Present**
 - Oversee the instruction of over two hundred undergraduates in the fundamentals of epidemiology.
 - Supervise and manage one graduate teaching assistant and two undergraduate teaching assistants.**Teaching Assistant – Introduction to Epidemiology** **September 2020 – June 2021**
- Columbia University – New York, NY**
National Center for Disaster Preparedness | Research Staff Assistant **October 2019 – June 2021**
 - Generated decision support tools and examined the role of employee absenteeism in the continuity of business operations for utility services during the COVID-19 pandemic.
 - Planned, designed, and implemented a survey assessing the long-term recovery from Hurricane Harvey.
 - Drafted internal and external project reports to improve partner organization disaster recovery planning.**Department of Epidemiology | Graduate Research Assistant** **September 2018 – March 2020**
 - Synthesized and conducted household questionnaires in the Jamaica Bay area assessing for stress-based indicators theoretically caused by an increase in nuisance flooding attributed to global climate change.
 - Engaged with community members to schedule participant interviews while building the community's awareness and acceptance of the pilot project.**Center for Sustainable Development | Tropical Lab Initiative Intern**
 - Compiled literature, monitored global diagnostics pipelines, and conceptualized validation studies for biomedical diagnostics in low-income settings promoting rural access to healthcare.
- Ghana Health Services – Gushegu, Northern Region, Ghana**
Health Systems Consultant **June 2019 – August 2019**
 - Collated existing community-based referral protocols for data collection, set project research priorities, drafted research protocols, and conducted a data quality analysis of referral logs to identify potential gaps.
 - Translated my research findings into sustainable solutions aimed at increasing the health directorate's data capture ability and presented this work to the Director of the Ghana Health Service.

STATISTICAL SOFTWARE EXPERIENCE *in order of proficiency*

ADVANCED: SAS **INTERMEDIATE:** Python, STATA, SPSS, R **NOVICE:** ArcGIS, Minitab

AWARDS

Doctoral Fellowship for Excellence | University of Delaware

2023

TRAINING AND PROFESSIONAL CERTIFICATIONS

Certified in Public Health (CPH)

Certified 07/2021

National Board of Public Health Examiners, #18267

NYS Certified Emergency Medical Technician – Basic

Certified 12/2014

NYS Department of Health Bureau of Emergency Services, #427129

PROFESSIONAL AFFILIATIONS

Council of State and Territorial Epidemiologists (CSTE)

Since 2022

Society for Epidemiologic Research (SER)

Since 2022

Disaster Research Center (DRC)

Since 2020

POSTER PRESENTATIONS

White Z. Sense of Community and Household Recovery From the Deepwater Horizon Oil Spill. Presented at Natural Hazards Workshop, July 2022.

White Z. Community-Based Referral Systems In The Gushegu Municipal, Ghana: A Review. Presented at Epidemiology Master's Student Day, October 2019

Crochiere MC, Leinweber H, Ostrander J, **White Z.** Factors Affecting Requests for Emergency Medical Response at RPI. Presented at Science, Technology, and Society Undergraduate Research Colloquium, December 2017.

PEER-REVIEWED PUBLICATIONS
